The Gospel Changes Everything!

Some UWEC Navs at The Weekender fall conference.

Sabine, Kendra and Sarah are living proof that the Gospel Changes Everything. Each one of them started the first semester of their freshman year apart from Christ and are now following Him! Sarah signed up for a Bible study after getting to know some Navigator women. During a one on one meeting with her Bible study leader, God used a simple presentation of the Gospel to show Sarah that she doesn't need to DO anything to earn God's favor - Christ has already done it! Kendra is an exchange student from Germany who has been having lunch with one of our staff and is in class with a Navigator student. God used both relationships to draw her to believe in and desire to follow Jesus! She is now eagerly learning all she can before she heads back to Germany at the end of the semester. Sabine is also an international student, from France, who met Jesus last spring

and is growing in her faith and sharing it joyfully this year. Everything in their lives is changing as they get to know Jesus better!

The Gospel Changes Everything has been the theme of our fall semester. Author Tim Keller says it like this, "The gospel is not just the A-B-C's but the A to Z of Christianity. The gospel is not just the minimum required doctrine necessary to enter the kingdom, but the way we make all progress in the kingdom." Our goal has been to demonstrate this through a series of messages at our weekly large-group meeting (Nav Night). We looked at how the Gospel changes our relationships, our spiritual growth, our identity, our money and the way we do justice.

Our first semester at UW-EC has gone well! In the midst of big life changes and adjusting to new roles,

God has faithfully sustained, guided, and gone before us. We are so grateful to Him and to you, for your partnership and encouragement! As the fall semester winds down, we're more confident than ever of the strategic importance of university missions. In addition to our mission of helping students to know Jesus and make Him known, we've encountered a broad range of issues as we meet one on one with students: eating disorders, sexuality, suicide, dating, marriage, and career. The need for the Gospel of Jesus and the advance of His kingdom is great! Thank you so much for partnering with us in the advance of the Gospel! Your prayers and financial gifts enable us to continue to pour our lives into college students for the glory of God.

Grace,

Jeff and Jess
